Mr. John J. Gushue
GHR Engineering Corporation
75 Tarkiln Hill Road
New Bedford, MA 02745

FOI
82-172Re: FOI Request - 82-172

Dear Mr. Gushue:

In your letters of July 21 and 28, 1982, you requested the results of environmental sampling performed in the vicinity of Aeroxox. This information is maintained in a computerized data management system and can be obtained for approximately twenty-five (25) dollars.

The historical aerial photos of the northern harbor area may be obtained at a cost of approximately two-hundred five (205) dollars; or, if you wish, you may look at the photos in our offices at Region I.

Please advise me if you wish to obtain the above information at the estimated costs, or if you wish to visit the Regional office to see the photos or data file.

I can be reached at 617/223-5775.

Sincerely,

Gerard Sotolongo
New Bedford Project Officer
Waste Response & Compliance Branch
